📍 Cape Town, South Africa

✉ Open to opportunities

👤 PROFILE

I am an Application Development student with a growing foundation in programming, databases, and web development. I have experience designing projects before development through multimedia and UI/UX modules. I am eager to learn, improve my technical skills, and gain real-world experience in application development.

🎓 EDUCATION

Diploma in Application Development

In Progress (2024–2026)

Relevant Modules:

- Application Development Foundation
- Python Programming
- MySQL
- Project Development
- Multimedia (UI/UX)

↔ TECHNICAL SKILLS

Programming Languages

- Java
- Python
- JavaScript (basic to intermediate)

Web Technologies

- HTML
- CSS
- JavaScript

Databases & Tools

- MySQL
- Git
- GitHub
- NetBeans
- IntelliJ IDEA

Concepts

- Object-Oriented Programming
- Data Structures

🏗 PROJECTS

Academic and personal projects completed during studies, focusing on application logic, basic database usage, and simple user interfaces. Projects demonstrate problem-solving and learning progress rather than advanced features.

💡 DESIGN & PLANNING

- Basic UI/UX design
- Wireframing
- Project planning

👤 SOFT SKILLS

- Willingness to learn
- Problem solving
- Teamwork
- Communication
- Time management
- Adaptability
- Attention to detail

_LOOKING FOR

- Internships
- Graduate Programs
- Entry-level Roles

⌚ CAREER OBJECTIVE

To secure an entry-level, internship, or graduate position in Application Development where I can learn, grow, and contribute to real-world projects.
